Dear Participants

Greetings from MAA ENT Hospitals.

Our 55th workshop is on "Optimising the outcomes in ENT surgeries" and will be held in The MAA ENT Hospital, Jubilee Hills, on 1st September 2018. We all know very well that achieving the good outcomes in our ENT surgeries is possible with long years of experience and knowing the right technique of each step of the surgery. Learning from the MASTERS will help us in achieving this goal at a faster pace with perfection. We carefully selected the faculty and happy to announce their acceptance and active participation in the forthcoming event.

We are planning to demonstrate all the common surgeries like FESS, Endoscopic tympanoplasty, Stapedotomy, Adenotomyllectomy, and Septorhinoplasty. After each surgical demonstration we ensure enough interaction between the operating faculty and delegates.

For the benefit of our junior colleagues we are organizing 15 min Hands on endoscopic Sheep nose Debrider surgery to gain control over the debrider in FESS on prior registration by mail to Co-Ordinator.

We welcome you take active participation and make this event a success.
